Comparison Shopping: Blu-ray Disc Player

Problem Scenario
You are on the hunt for a Blu-ray Disc player. You have about $150 to spend to buy the Blu-ray player and operate it for a year without using your savings account. The other appliances in your living room are silver.

Information Chart
Look at the factors you should consider when making your decision. Rank them in order from most important (1) to least important (4). Use the Excel chart Blu-ray Disc Player Qualified Products List to fill in any missing information about each model. Then look at each of your options. Eliminate as many options as you can. List the reason you eliminated each option; for example, cost to buy or color. Put a star by the model you choose to buy. List at least two reasons for your choice.

	Rank of importance:					
Factors in decision-making	Model	Cost to buy	Estimated yearly operating costs	Estimated yearly electrical use	Other factors: color	Reason for eliminating or choosing
