

Name _____ Date _____

Planetary Size Comparison

Use the Science Netlinks Planet Size Comparison interactive, which allows you to compare any planet, or the sun or moon, against any other and view them at the same scale. Compare each planet listed below to the sun. Record data on each planet's diameter and ratio.

Planet or Other Body	Size (Diameter)	Ratio
Sun		
Mercury		
Venus		
Earth		
Mars		
Jupiter		
Saturn		
Uranus		
Neptune
