

# Question Quadrant

**Step 1:** Use the chart below to write down your ideas and questions about why germs make us sick more often during the winter.

<p style="text-align: center;"><b>Germs</b></p>	<p style="text-align: center;"><b>People</b></p>
<p style="text-align: center;"><b>Environment</b></p>	<p style="text-align: center;"><b>Something Else</b></p>

**Step 2: Write an Initial Hypothesis:** Use your ideas about the factors on the chart above to write an initial hypothesis about why germs make us sick more often in the winter. It's not about getting the "right answer" –we'll come back to your hypothesis as we learn more during the unit!

**Unit Driving Question:** Why do germs make us sick more often during the winter?

**My initial hypothesis:** I think germs make us sick more often in the winter

because...
