

Name _____ Date _____

Observations After the Use of Dispersant

Use the chart below to record your observations of the effectiveness of materials *after* the use of a dispersant. In column 1, list the type of material used. In column 2, identify its role in the simulation. In column 3, rate how well the material worked. In column 4, record the group's observations.

Type of Material	Material's Role (boom/skimmer/absorber/dispersant)	Effectiveness Rating 1-5 (5 being most effective; all oil and chemicals removed)	Observations
