

# SIMON SAYS ... EXPLORE!

**RECOMMENDED GRADES: K-8**

**TIME NEEDED: 15 MINUTES OR MORE**

(activity is flexible as to grade level, size of group, and amount of time)

### Description

Students play this popular and fun game while exploring Asia.

### Learning Objectives

Students will:

- explore both the physical and human geography of Asia
- utilize movement and knowledge of cardinal directions to locate and identify major physical and political features in Asia

### Materials

- Lanyards (40 total, 10 of each color: red, blue, yellow and green) (optional)
- Hourglass timer (optional)

### Preparation

*5 minutes*

- Review the “Simon Says” statements for your group size and familiarize yourself with the statements, including locating the solutions to any Simon Says commands that are unfamiliar.

### Tips/Modifications

*Tip*

- This activity can also be used as a pre-assessment or post-assessment tool.

*Modification*

- This activity can be tailored to grade level, group size, and amount of time. “Simon Says” commands for large groups and small groups are provided.

### Rules

Have students remove shoes before walking on the map.

**DIRECTIONS**

1. Depending on experience and prior knowledge, students may need a general introduction or tour of the Asia map. This teacher-led activity can serve as an introduction or review of some of the major physical or political features that students will visit during the game. Walk over the map and show (or have selected students locate and stand on) the following:

**Political boundaries**  
**Capital cities**  
**Arctic Ocean**  
**Mount Everest**  
**India**  
**The Middle East**

**Coast**  
**Latitude and longitude**  
**Gobi**  
**Yangtze River**  
**Japan**  
**Russia**

**Cardinal directions**  
**Pacific and Indian Oceans**  
**Ural Mountains**  
**China**  
**Indonesia**  
**Other visible continents**

Note the colors on the map that represent political boundaries, elevation (or relief), and water. Have students face north on the map and then turn and face each of the other three cardinal directions (south, east, west) before starting the first game.

2. Divide the class into four teams—red, blue, yellow, and green—and instruct each team to gather behind their “Base Camp” (the colored circles in the corners of the map). Make the teams as even as possible. Give each student a lanyard corresponding to the color of his or her team.
3. Review the rules of “Simon Says” with students. No running is allowed. Students who run, touch, or impede other students will be “out.” Remind students if they move toward a location that did not begin with the direction “Simon Says,” or they choose an incorrect place, they will be “out.” When a student is out, he or she will walk off the map and sit on the border of the map near his or her team’s corner until the start of a new game. Use the hourglass timer (optional) to signal the end of each game. The team with the most team members still on the map will be declared the winner of that game. Assure students that each game will have a time limit of 5 to 10 minutes to keep “out time” to a minimum. (This time is governed by the timer.)
4. Using “Simon Says” statements provided, direct students to visit various locations in Asia. Allow students a few seconds to get to each location that Simon Says.

Mix up the game and control traffic with qualifiers like these:

- Simon Says **everybody ...**
- Simon Says **red team ...**
- Simon Says **all girls ...**
- Simon Says **all boys ...**

Remember to mix in statements without saying “Simon Says” to catch students who are not paying close attention.

Feel free to create and use your own “Simon Says” statements.

5. When the timer is up, the game is over. Have students gather at their “Base Camp” for the start of a new game. Repeat as many times as you’d like!
