D A T A S H E E T

My name is _____

Today's date is _____

My location is _____

Today's weather is _____

The sky is _____

The wind is _____

 NATIONAL
GEOGRAPHIC

Field Observations

Use your senses (seeing, hearing, smelling, and touching) to observe the habitat around you. By learning about an area you can learn about the things that call this place "home"! What to look for:

What does the land look like?
(hills, valleys, mountains)

What plants did you see or smell today?
(shrubs, trees, grasses)

What animals did you see or hear?
(insects, birds, fish, reptiles, mammals)

Field Sketch

What did you discover today? Draw it in the space below. Use the ruler to measure your discovery.
