Global Patterns of Human Migration Answer Key

Part 1. Use the Migration Data Table handout to write the top five countries of origin of the foreign-born population living in the U.S. in column 1. Then look up each of those countries and list the top four destinations of migrants from that country in column 2.

Source Country	Major Destinations of Migrants from the Country
China	United States, Japan, Canada, Australia
India	UAE, United States, Saudi Arabia, Canada
Mexico	United States, Canada, Spain, Chile
Philippines	United States, Saudi Arabia, Canada, Japan
Vietnam	United States, Australia, Canada, Japan

Part 2. On the blank outline map of the world, use arrows to mark the patterns you listed in Part 1. Use a different color for each country of birth. Include a map key that indicates what each color means. Then answer the questions below.

1. Do you think migration is likely to increase, decrease, or stay stable in the future? Why? Possible response: It will probably increase because there will always be push and pull factors.

_____

_____

_____

_____

2. Do you think the patterns of major and minor migration streams will change? What specific factors might affect the migration streams? Possible response: Yes. They will change depending on what's happening in each country with politics, the economy, war, and other factors.
