

Initial Game Board Design Checklist

Name

Date

Directions: By the end of the Mapping Human Interruptions to Migration lesson, your game board map should include the following seven components. Use this checklist to check in on the status of your game board design.

Does your game board have...

- A border of your region
 - A key
 - Cardinal points
 - Political boundaries labeled (boundaries between states or countries)
 - Major cities labeled
 - Watersheds and waterways labeled (if you are working on a water region)
 - At least five human impact activities labeled
-
