Mapping the Languages of Europe

Use the maps Country Borders in Europe and Dominant Languages of Europe to answer the questions below.

1. Shade regions on your Country Borders in Europe Map where language differences and country borders do not match up. These are possible conflict areas due to language differences. Below, list the largest possible conflict areas that you shaded.

2. What challenges might the government of Switzerland face in trying to accommodate the three languages commonly spoken there? Explain. _____

3. What advantages might a country in which most citizens speak two or three languages fluently have? Explain. _____
