

Perpetual Planet Data Table

Name / Date

Directions: Open the [Perpetual Planet Weather Data widget](#) then record the data for temperature and pressure in the following tables.

TEMPERATURE

	1	2	3	4	5	6	7
1	Weather Station	Date:	Date:	Date:	Date:	Date:	Average (sum of total values/number of days)
2	Phortse (3,810 meters / 12,500 feet)						
3	Base Camp (5,315 meters / 17,438 feet)						
4	Camp II (6,464 meters / 21,207 feet)						
5	South Col (7,945 meters / 26,066 feet)						
6	Balcony (8,430 meters / 27,657 feet)						

PRESSURE

	1	2	3	4	5	6	7
1	Weather Station	Date:	Date:	Date:	Date:	Date:	Average (sum of total values/number of days)
2	Phortse (3,810 meters / 12,500 feet)						
3	Base Camp (5,315 meters / 17,438 feet)						
4	Camp II (6,464 meters / 21,207 feet)						
5	South Col (7,945 meters / 26,066 feet)						
6	Balcony (8,430 meters / 27,657 feet)
