

# Engaging in the Fight Against Extinction

Duration: Two weeks (10 instructional hours)

Driving Question: How can we, as planetary stewards, take an active role in saving species from extinction?

**Project-Based Learning Unit Product**  
(PBL—a complex performance of tasks that illustrates a student's ability to apply skills, concepts, and knowledge learned in the unit.)

Students, in collaborative teams, take on the role of planetary stewards and conservation artists by developing a trifold pamphlet that includes information about an endangered species and its biome, along with action steps that can be taken to spread the message and support the survival of the species and the future of Earth.
