## Stakeholder Table Answer Key

**Part 1:** Use this table to record the level of influence you think each of the stakeholders has on the decision to build the Pucallpa-Cruzeiro do Sul road in the Amazon. *(NOTE: These are suggested answers. There are many possible answers.)*

Stakeholders	How will they be affected?	Is the effect positive or negative?	Is the effect part of the intended goal (yes or no)? Is it a side effect?	Does the stakeholder understand the risks? (yes or no)	How important is the interest of the stakeholder? very important somewhat important unimportant
<b>Indigenous Communities (Ashéninka)</b>	Loss of land; diminished water quality; more challenging to hunt, fish, and gather food if ecosystem is damaged; will likely have to relocate to preserve traditions and culture  Could potentially access better healthcare, education, and trade routes, if desired.	negative  positive	No, it is a side effect.  Yes	Not always	1
<b>Amazonian Ecosystem</b>	Will be altered – trees will be removed leading to accelerated erosion, flooding, and reduced water quality	negative	No, it is a side effect.	No	1
<b>Wildlife</b>	Shelter, food, and nesting grounds could be removed or damaged; will have to relocate	negative	No, it is a side effect.	No	1
<b>Logging companies</b>	Easier access to highly-valued trees; can generate more income and provide a higher standard of living	positive	Yes	Yes	2
<b>Residents of rural communities</b>	Will be able to transfer goods from depths of forest to global market; will improve infrastructure, transportation, and communication across communities	positive	Yes	Yes	1
<b>International consumers</b>	Will have more supply for their demand of highly valued timber	positive	No, it is a side effect.	Yes	3

# Stakeholder Table Answer Key, continued

**Part 2:** If you were a stakeholder within this environmental decision, how would you decide? Write a three-part decision statement that includes the following:

1. Whether you would support the construction of the road.
2. Rationale for your decision, citing evidence from articles and maps you have investigated.
3. A statement of how you (as the stakeholder) would be affected by the decision.

Answers will vary.
