

Name _____ Date _____

Feeding Frenzy

Write the name of your assigned ecosystem and its geographic location. Then attach the five cards for your assigned ecosystem in the proper food chain sequence, from producer to apex predator. Next choose the correct trophic level from the box and write it below each card. Finally, provide an example of a decomposer (heterotroph) for this ecosystem.

Trophic Levels

Producer (autotroph)
Primary consumer (heterotroph/herbivore/omnivore)
Secondary consumer (heterotroph/carnivore/omnivore)
Tertiary consumer (heterotroph/carnivore)
Apex predator (heterotroph/carnivore)
Decomposer (heterotroph)

Ecosystem: _____

Geographic Location: _____
