ABOUT THIS MAPMAKER KIT

The World Political MapMaker Kit maps include country boundaries, city names, and other political features. For a world map without country boundaries see the World Physical MapMaker Kit.

Download, print, and assemble maps of the political world in a variety of sizes. Watch the tutorial video above to get started. Then download each piece of the MapMaker Kit as a PDF file. Each thumbnail in the carousel above is a different piece of the map you will need to download.

The mega map occupies a large wall, or can be used on the floor. The map is made up of 136 pieces; download rows 1-8 for the full map of the World. The tabletop size is made up of 8 pieces and is good for small group work.
